

Schedules

New this season, schedules will not only be posted at [the league web page](#), but they will be available through your registration account.

Team Managers will have access to their team's schedule and can add events (like practices, team BBQs, etc.), email schedule changes to the team, and print schedules. (see below)

The screenshot shows a web interface for a team named "Clockwork Orange". At the top right, there are links for "Help with this Page", "Logout", and "Home". Below the team name, there are links for "Subscribe", "Print", "Email", "Manage Locations", and "Add Event". A table with columns "What", "When", and "Where" is shown, containing the text "There are no events on this schedule." At the bottom right, there is a link for "Team Console".

Players will be able to see their schedule online, print it, and subscribe to any changes.

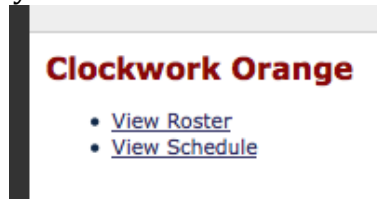

1) Login and click the team name next to your registration.

The screenshot shows a user registration page for "Katerina". There is a "Register Now" button and an "Edit" link. A dropdown menu is open, showing "HSL Fall 2011 Season -> Co-Ed 25/30- Saturday afternoon" and "Clockwork Orange" (highlighted with an orange arrow). Below the dropdown are links for "View Order" and "View Consent". To the right, there is a small profile picture of a woman.

If you don't have picture here yet, click this space and add one (and you won't have to bring a photo ID to the field).

2) From this screen, you can see your team's roster and schedule. Click on "View Schedule."

The screenshot shows a team management page for "Clockwork Orange". There are two links: "View Roster" and "View Schedule".

Now you will see your schedule, be able to print it, and subscribe to schedule changes.

The screenshot shows a web interface for a team named "Clockwork Orange". At the top right, there are links for "Subscribe" and "Print". Below the team name, there is a table with columns "What", "When", and "Where", containing the text "There are no events on this schedule." At the bottom right, there is a link for "Team Console".
